

CONFERENCE TO SETTLE STREET RAILWAY FIGHT

Demands of Men Flatly Refused by Pres. Sullivan, but Peace Is Hoped For.

Street Railways Dispute With Men

Number of men involved—3,000 to 4,000.
Systems involved—Boston & Northern and Old Colony street railroads.
Men's demands—Flat wage rate of 28 cents an hour, nine hour day and the unionizing of all employees.
Company's answer—A flat refusal of every point demanded by the men.
What employees receive now—Twenty cents an hour for first year, 21 cents for second, increasing to 24 cents for eighth, ninth and tenth years, and 25 cents thereafter.
Towns affected—Nashua, N. H.; Haverhill, Lawrence, Lynn, Lowell, Salem, Newburyport, Quincy and Fall River, Mass.

The employees of the Boston & Northern and Old Colony street railroads, who yesterday were refused the greater number of their demands by President Sullivan, chairman of the executive committee of the company, today are engaged in another conference.

At this conference, which will be held in a short time, the men are hopeful that their demands will be granted. They show a spirit of consideration that leads one to be hopeful of an amicable settlement of the wage dispute. If possible, the settlement of the wage dispute, if possible, will be made by the end of the week.

No Strike at Present.
There is no strike at present. The men are still working for the company. The company is still working for the men. The men are still working for the company. The company is still working for the men.

The officials of the company have granted many of our demands, and have shown a spirit of consideration that leads one to be hopeful of an amicable settlement of the wage dispute. If possible, the settlement of the wage dispute, if possible, will be made by the end of the week.

"Request Impracticable."
The men's demand for a 28-cent wage rate is refused, as it is impracticable, and again it would reduce the wages of a large number of men and do them a great injustice.

The Treason of the Senate
By David Graham Phillips, in MAY COSMOPOLITAN

tells the terrible story of the control of the Senate by the "Interests," and of Senator Gorman, of Maryland, in particular, and the part he plays in the frightful national tragedy now being enacted in Washington. It shows the real reason for prevailing high prices and why you must pay them. It shows how the interests of the "Trusts" are protected and the manner in which the people are fleeced.

Is Eddie Rice planning to sell his noted pacer John M. 2:02 1/2, the famous golden-brown gelding who won the 1905 season's record in New England? There is a strong report that in a few days Adam Brown of Portage, Maine, will arrive in this city for the purpose of purchasing the deal for the horse in Whaling, and it is with the idea of meeting him in the free-for-all that country that the deal for John M. is on the tapis. GOVERNMENT OF BOOTS IN LINCOLN CLUB

That the show at the Lincoln Club next Wednesday night will be a replica with most nothing from start to finish seems to be assured. The club has arranged a card which is full of slingers and should give the club members some of the most spectacular work seen in some time.

The greatest rivalry exists between Jim Carr and Louis Clark, who are to open the show, and will battle for the side-swinging championship of the Lincoln Club. The third bout, between Billy Clinton of Lowell and Young Kluge, is another attraction for the night. These lads are a pair of gunshots when in action and their exhibition, when a draw resulted, was widely applauded by the members who were present.

In the final bout, ten rounds to a decision, many believe that Jerry Gates, the famous middleweight, is finally due to get a good hitting. In meeting another champion Fred Bradley, the Cambridge slinger is conceding height, weight and reach, and without doubt Bradley will rule favorably when the men get into the ring. This Fred Bradley is one of the most heavily muscled developed in years, and he has his six six feet, 175 pounds, one hundred and twenty pounds, and one hundred and twenty pounds, and one hundred and twenty pounds.

The Lincoln Club made a bit with the show for the last and the same time at 81 hold for the show next Wednesday.

CHICAGO BOY HAD THE BETTER OF TWENTY-ROUND BOUT WITH CALIFORNIAN.

By Boston American Special Writer.

LOS ANGELES, May 11.—The kid Herman was awarded a draw in his fight with Abe Attell here last night, and while the draw was only a draw, headline men who will record the contest declared that the kid should have had the decision. Prominent sporting men who sat at the episode were surprised when the decision of a draw was rendered, and there was great dissatisfaction in the crowd. Never at any stage of the fight did Attell have any advantage with his clearly superior and unopposed in every round, and in fact, the decision was rendered to stall off an amateur.

Fast and Furious.

The fight was fast and furious, and both boys displayed great cleverness. Attell having a slight edge in the first few rounds, but in the ninth Herman landed a vicious right while Attell was in the air, and the fight was a close one. Attell landed a left to the face and crossed with a vicious right to the chin, and the fight was a close one. Attell landed a left to the face and crossed with a vicious right to the chin, and the fight was a close one.

Attell Failed to Rally.

Up to the thirteenth round the crowd was in a state of excitement, but after a demonstration of his cleverness and the walling he claimed to possess, he failed to rally. Attell landed a left to the face and crossed with a vicious right to the chin, and the fight was a close one.

ROUND ONE.—Herman put right three light rights in the body. Herman landed a left to the face and crossed with a vicious right to the chin, and the fight was a close one.

WINNING FIGHTERS HAVE SHORT CHINS

There is one thing noticed about all the fighters who show ability to take a beating. They have all wide jaws and short, retreating chins. This is a direct consequence of the old theory that a fighter's chin must have a chin that sticks out like the ram on a battleship.

It is a fact that a fighter's chin must have a chin that sticks out like the ram on a battleship. It is a fact that a fighter's chin must have a chin that sticks out like the ram on a battleship.
